

5G Solutions & Products

Outline

It is our pleasure to inform our valued customers that we are now offering a true 5G Solutions & Products.

These 5G Solutions & Products are powered by Qualcomm chipset which has a plenty of experience used in worldwide products.

It is planned to provide with IoT certifications of Japanese major telecommunication operators.

5G Product Line

✓ 5G M.2 Module

- 5G NR: 3GPP Rel15.Dec
n41,n77, n78, n79 and reformed sub6 bans, n257, n258, n260, n261
- 4G LTE: DL Cat20, UL Cat13
- Interface: PCIe Gen3 1-lane, USB3.1, I2S, SIM, e-SIM
- Antenna Port: 4 for 3G, 4G, 5G sub-6 and GPS, 3 for 5G mmWave

✓ LGA Module

- 5G NR: 3GPP Rel15.Dec.
n41,n77, n78, n79 and reformed sub6 bans, n257, n258, n260, n261
- 4G LTE: DL Cat20, UL Cat13
- Interface: PCIe Gen3 2-lane, USB3.1, RGMII, display, I2S, SPI, UART, SDIO, SIM, e-SIM
- Antenna Port: 4 for 3G, 4G, 5G sub-6 and GPS, 3 for 5G mmWave

✓ 5G MiFi/Pocket Router

- 5G NR: 3GPP Rel15.Dec
n41,n77, n78, n79 and reformed sub6 bans
- 4G LTE: DL Cat20, UL Cat13
- Connectivity: Dual band WiFi MIMO
802.11a/b/g/n/ac/ax
- Display: 2.4" Touch Color
- Battery: 5300mAh

Target market

- Robot, Automatic carrier, Drone
- Security Camera
- VR/AR Glasses
- Remote control equipment
- CPE, mobile Router
- Local 5G communication network
